I am looking for any documents associated with any/all operations conducted by Gould, Inc. and GNB Inc., which are associated with the CAD ID 097854541. One specific file I am looking for includes an approval for interim status granted to GNB Inc. in response to a Part A application submitted in July in 1985. According to the attached DTSC Inspection report excerpt, this document could not be located at the time of their 1987 inspection. Please notify me by email if you have any records. Thank you very much!
